# EYEWEAR, THE BARBOUR WAY
# BARBOUR OPTICAL SS26 – COLLECTION LAUNCH

Rooted in tradition, reimagined for today - Barbour eyewear brings together timeless design and purposeful detailing. Every style is thoughtfully handcrafted, echoing Barbour's signature hallmarks - subtle branding, functional comfort, and a design language drawn from our rich heritage. The result is eyewear that not only elevates your wardrobe, but does so with enduring style and authenticity.

**BAO-1059: The Hero Model**
This refined optical style features a distinctive floating brow bar, bringing a contemporary edge to a timeless silhouette. The handmade acetate model is finished with subtle bevelled detailing for depth and definition. Tartan-patterned core wire runs through the temples - a quiet nod to Barbour's signature house tartan - complemented by a tip plaque inspired by the iconic jacket zip pull. Purposeful, polished, and unmistakably Barbour.

**Details that Define**
Across the collection, you'll find thoughtful design elements inspired by Barbour's outerwear legacy - quilted pattern rim wires (see BAO-1048), and tartan-patterned core wires, refined metal trims, and tip plaques influenced by the classic Barbour jacket zip pull. These touches run consistently through the range, reinforcing our brand identity with quiet assurance. Real rivet hinges feature throughout the collection, highlighting enduring craftsmanship.

**Inspired by the Landscape**
Our palette takes its cues from nature - from earthy greens and stony greys to mineral crystals, and the warm glow of golden hour across the North-East countryside. BA0-1040-112, with its Golden Ochre tortoiseshell, perfectly captures this moment.

**Responsibly Made**
In keeping with Barbour's enduring respect for the countryside, our eyewear features Acetate Renew - a more sustainable material made with recycled and bio-based content. It offers the same high-quality finish as traditional acetate, but with a lighter footprint for future generations.

From wax jackets to eyewear, Barbour's founding principles remain unchanged: quality, durability, attention to detail, and fitness for purpose. This is eyewear, made the Barbour way.

12 models / 43 skus

# BRAND STORY

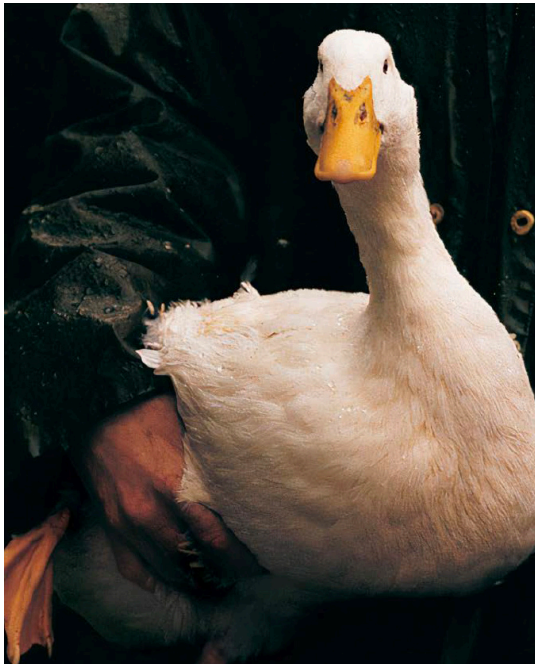

The Barbour story began in 1894 in the Market Place in South Shields. Today the 5th generation family owned business remains in the North East, with Barbour's headquarters located in Simonside, South Shields.

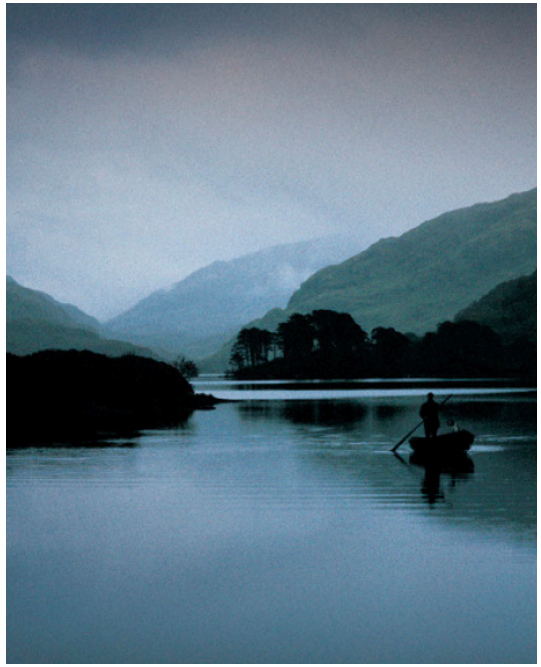

Barbour remains true to its core values as a family business which brings the unique values of the British Countryside and the qualities of wit, grit and glamour to its beautifully functional clothing.

- **130 year anniversary in 2024**
- **Global lifestyle brand**
- **A style that suits everyone**
- **"Classic & timeless"**
- **Award winning for sustainability**
- **Brand Collaborations**
