
The Golden Era
FALL-WINTER 26-27

Fall-Winter 26-27 enters its Golden Era.

Inspired by the radiance of the Golden Hour, this season celebrates gold in all its forms. Moving effortlessly between understated elegance and bold fashion statements, each frame and every silhouette reflects a different shade of modern luxury. From sculpted metals and luminous details to rich burgundy tones and warm ambers, every design offers a different expression of the color gold. This year, gold is more than a color or a finish – it becomes a state of mind, a mood, a signature. Are you ready to redefine your gold perspective?

Unframed Weightless Glow

Nothing frames luxury like golden details. Bathed in warm golden tones, this collection embraces lightness and precision. Where gold isn't simply a finish, but the design itself. Delicate gold structures meet rimless silhouettes, allowing clean and gradient lenses to become the true focal point. Weightless in appearance yet rich in details, these designs capture the quiet moment when light turns to gold.

Gold Embellished Wearable Art.

The elegance of fine jewelry. Every element in this collection is thoughtfully placed to elevate each silhouette with a decor point of view. Delicate crystals, sculpted gold details and sophisticated accents - all come together with the precision of fine craftsmanship. Champagne-toned lenses complement the oval shapes of the frames, while golden embellishments add a delicate shimmer without overpowering the designs.

Frame It Up Signature Contrast

Presence begins at the top. The beauty of contrast: A bold upper frame commands attention, while a fine golden structure quietly supports the silhouette, without competing for the spotlight. Inspired by the timeless proportions of the Golden Ratio, every element exists in perfect balance- where each line is intentional, and every detail knows exactly when to lead and when to follow.

Slim Statement Modern Minimalism

Where simplicity becomes the statement. Long, lean proportions bring a fresh perspective to contemporary eyewear. Clean and confident- these designs embrace the idea that less isn't just more, it's everything. Smoky browns, warm golds and monochromatic finishes create a palette that feels current with the confidence of a GoldenEye spy.

Burgundy Affair Rich Expression

Some shades only grow richer with time. One of the season's strongest runway colors comes to life in designs that feel timeless. Smooth polished finishes meet layered acetates, allowing deep wine tones to unfold with remarkable depth.
Like a vintage that only grows more desirable, Burgundy reveals its full expression, with hints of gold illuminating the darker tones in perfect synergy.

WHILE radiant gold brings high fashion into MOTION

Fall-Winter 26-27.

What began as a celebration of gold evolved into a festival of perspective, where every frame reflected a different expression of light in contemporary designs. This winter, gold becomes a standard, a proportion, a moment in time and a way of seeing. And just like Golden Hour itself, true beauty is never still. It shifts; it always leaves us looking forward to what comes next. Stay tuned, the next era is already catching the light...
